## ORIGAMI REINDEER

STEP 1- Using brown paper, cut out a square, about 16x16cms. First, fold the paper in half to create a triangle. Next, fold up two points of the triangle to form the reindeer's ears. Be sure to press down to create crisp folds.

STEP 2- Now it's time to add some details. Draw the antlers and eyes on a piece of white paper. Draw a circle on a piece of red paper to create the nose and a bow if you wish. Cut out all of the pieces.

STEP 3- Let's get gluing! Glue on the eyes and nose as well as the optional bow. Then, flip over the reindeer and attach the antlers on the back of the project.

STEP 4- Use a hole punch to make a hole at the top of the head. Attach a piece of string and now your little guy is ready to be hung on the Christmas tree. Hmmm I wonder if you'll create all of Santa's eight reindeer?

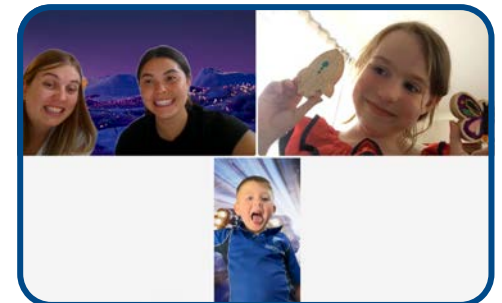

## TERM 4 WRAP UP!

This term was full of creativity and fun! We kicked off with pipe-cleaner crafts, making everything from caterpillars to butterflies. We explored our favourite sea creatures while making keychains, relaxed with mandala colouring in, and even had Norah join in from the boot of the car after swimming!

We then painted wooden blocks while pretending to float in space, and our LEGO session was a highlight, finishing with a group photo that Emily and I transformed into LEGO characters using AI. We wrapped up the term with a festive gingerbread bake-off to get ready for Christmas.

Thanks to everyone for bringing such great energy to each session, see you next year!

## CHRISTMAS MARSHMALLOW POPS

- 12 marshmallows
- 25 green mini M&Ms
- 250g milk chocolate
- 12 red mini M&Ms
- 150g white chocolate
- 12 cake pop sticks

1. Place each marshmallow onto the top of a cake pop stick.
2. Melt the milk chocolate in the microwave for 2-3 mins, stirring every 30 secs.
3. Dip each stick into the melted chocolate, allow any excess to drip off and then allow the milk chocolate to set (it will only take a couple of minutes). Stand the cake pop up in a cake pop stand or if you don't have one, a piece of foam or even in a glass.
4. Meanwhile, melt white chocolate in the microwave for 2 mins, stirring every 30 secs.
5. Using a teaspoon, place a dollop of white chocolate onto the top of each marshmallow and use your spoon to push some of the chocolate over the edge.
6. Working quickly, place 2 green mini M&Ms and 1 red mini M&M onto the white chocolate.
7. If gifting, tie a ribbon around the base of each marshmallow and wrap with cellophane.
